To whom it may concern

I can wholly recommend Aquatech as one of the very few top class plumbing companies in this country.

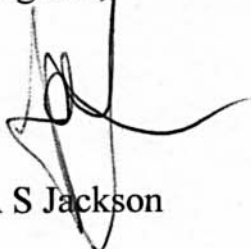

They had a massive job on their hands as I had previously had another plumber who came in and just made a total mess of my bathroom. From sink to jacuzzi, tiling to flooring, the whole bathroom was just unacceptable.

Aquatech came in and was just simply excellent. They had everything plumbed out perfectly while keeping me up to date on everything that was being done.

I am a perfectionist and my demands were truly met. My under floor heating is wonderful, the tiling perfect, the Jacuzzi perfectly placed and my complicated free standing sink is now looking how it should be.

A huge relief and stress has now just been washed away!
